Critical Process Components

Gillain & Co, part of Heleon Group, excels in delivering top-quality products, outstanding service, and bespoke solutions. As a specialist distributor in hygienic and Ultra High Purity (UHP) stainless steel equipment and components, as well as flexible hoses, Heleon Group serves the food, pharmaceutical, cosmetics, (fine) chemicals, and semiconductor industries. Extensive inventory and spacious, fully automated warehouses at multiple locations, along with a state-of-the-art workshop, enable us to respond quickly and effectively to customer needs, assuring fast and complete deliveries. Our committed team of professionals guarantees expert advice and support for every client, every step of the way.

Heleon Group is ISO-9001 certified, demonstrating our dedication to the high-standards in all business aspects.
