

CIPPRO™

The versatile, multipurpose machine for Cleaning,
Utility and Processing duties.

Gillain & Co
HYGIENIC EQUIPMENT FOR FOOD & LIFE SCIENCES

Features

- 316 stainless steel wetted parts, other parts 304 stainless steel
- Static or Mobile Stainless steel support frame, fully cleanable
 - Simple to use, reliable, efficient, low maintenance
 - Fully assembled, wired and tested at Suncombe
 - Immediate start up on site
 - Used with any cleaning chemicals
 - Built in House
- After Sales Service and Technical Support

Using Suncombe's 50 years of experience in cleaning and processing, the CIPpro was developed to offer a multipurpose machine suitable for Cleaning, Utility and Processing duties. Some of its many possible applications include:

Cleaning Uses

- CIP, WIP, Cleaning, sanitizing and rinsing of vessels, tanks, drums and pipework
- Cleaning of machines, mixers, fillers, coaters, mills
- Preparation of cleaning solutions
- External Spray Cleaning

Utility Uses

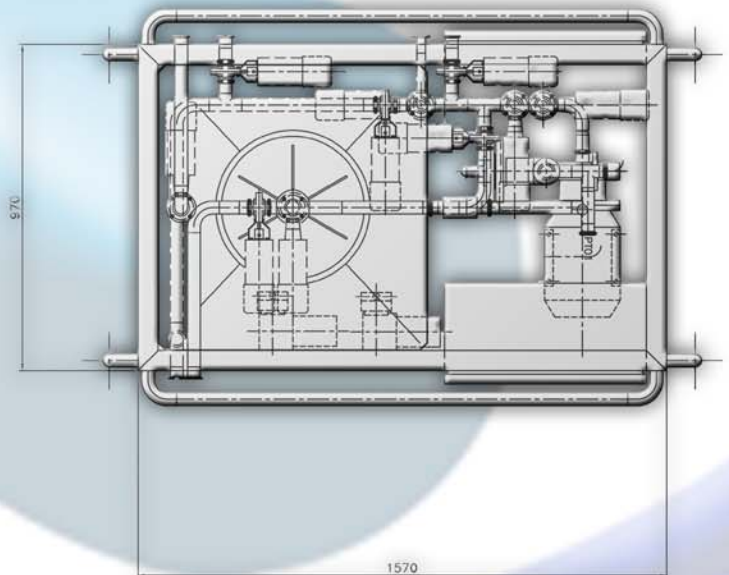

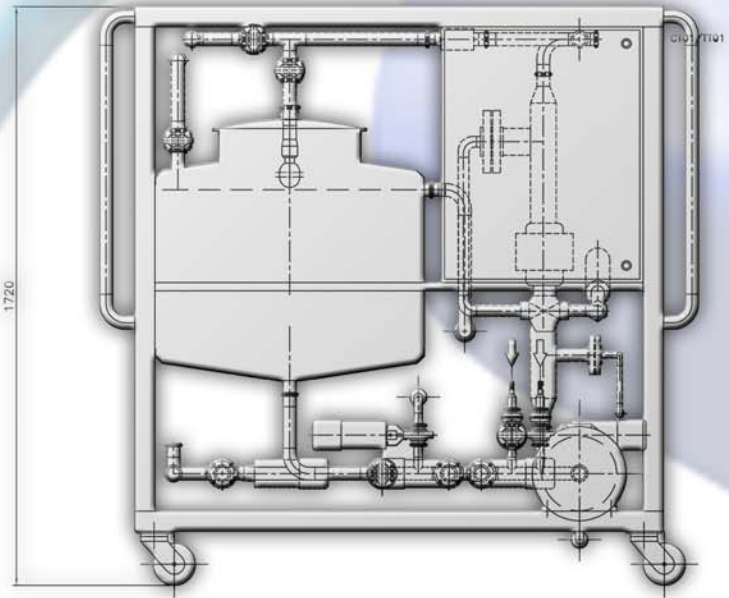

- Passivation of stainless steel
- Chemical Treatment
- Mobile Hot water unit
- High pressure versions for high pressure spraying

Processing Uses

- Product Aeration
- Solution makeup
- Solution recirculation mixing

Base Unit Construction

- Hygienic stainless steel pump
- Manual Hygienic butterfly valves
- Built-in 200 litre stainless steel tank
- Stainless Steel electrical control panel
- Drawings, OEM Instructions, CE Certificates
- Stainless Steel interconnecting pipework with triclamp fittings

CIPpro Requirement Selection Matrix

(Please mark selected options)

Requirements

	Pump (& Pipework)	Storage Tank	Heating	No of Detergents	Indicator	Extra	Automation	Voltage
6,000 Lpm @ 3 Bar (2"/50mm)								
9,000 Lpm @ 2 Bar (2"/50mm)								
15,000 Lpm @ 2 Bar (2.5"/65mm)								
22,000 Lpm @ 2 Bar (3"/80mm)								
1 x 200 Litre								
2 x 200 Litre								
1 x 300 Litre								
2 x 300 Litre								
12kW Heater								
18kW Heater								
24 kW Heater								
1 x Detergent Dosing								
2 x Detergent Dosing								
Pump Pressure Indicator								
Temperature Indicator								
Conductivity Indicator								
PH Indicator								
Stainless Steel Filter								
Tank High Level Probe								
Sprayball in Tank								
Suite #1 (Auto Valves & 1 Recipe)								
Suite #1+ (Auto Valves & 10 Recipe)								
Suite #2 (Auto Valves, Instruments, HMI & 10 Recipes)								
415 VAC 3 Phase 50 Hz								
230 VAC 50 Hz								
None
